Notification Cattle Movement

Important Information for Organisers of Show's & Exhibitors of Cattle 2018.

Keepers wishing to show cattle in 2018 must obtain a Certificate of Compliance prior to the movement of the animal to the Show. This ensures that the animal(s) in question has the necessary TB, BR and BVD tests recorded on the Department's database and that the keeper presenting the animal is not restricted by the Department. Certificates of Compliance can be obtained online from the Animal Identification and Movement (AIM) system through the www.agfood.ie facility or from the Cattle Movement Notification Agency. When applying for a Certificate of Compliance, keepers should not specify a destination herd. On the day of the Show, the Certificate of Compliance should be presented to the Show Secretary along with the bovine passport for the animal. The keeper and the Show Secretary will then sign the Movement Notification section of the Certificate which will then be sent to the local DVO for recording onto the AIM system.

Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Secretary can be shown on the day of the Show

SHOW HUNTER CHAMPIONSHIP CLASSES 77 & 78

Sheep Section

Specific Requirements – Sheep

Identification: All sheep must be individually identified with plastic eartags issued on accordance with the requirements of the National Sheep Identification System (NSIS).

Movement Documentation: All consignments of sheep being moved must be accompanied by the completed dispatch document. Individual details of each sheep in the consignment must be recorded. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied with the relevant movement permit (SCR/10), which can be obtained from the Local District Veterinary Office in the county where the flock is located.

AIM Notification: The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners dispatch document as follows:

1. The Owner/Keeper presents the signed and completed dispatch document to the show secretary who checks it to ensure that it is completed in full.
2. The Show Secretary fills in the MART section of the dispatch document with (i) the show number; (ii) the date of the move back to the source holding; (iii) stamps it with the show stamp; (iv) signs the dispatch document.
3. The Show Secretary then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement.
4. The Show Secretary keeps the white copy for his/her records.
5. The source/destination keeper keeps the bottom yellow copy to enter it into their flock registry.
6. Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

Flock Register: All movements of sheep to and from shows must be recorded in your flock register.
Exports (to Member States of the European Union including Northern Ireland): All sheep must be accompanied by TRACES intra community trade certificate for ovine animals. A TRACES message, corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO). Exhibitors are advised to contact their Local District Veterinary Office & the show society in Northern Ireland well in advance of any show where sales may take place to determine the suitability of the show for exports (e.g. premises and sheep status), availability

of veterinary staff for export certification and to have the necessary arrangements out in place.
